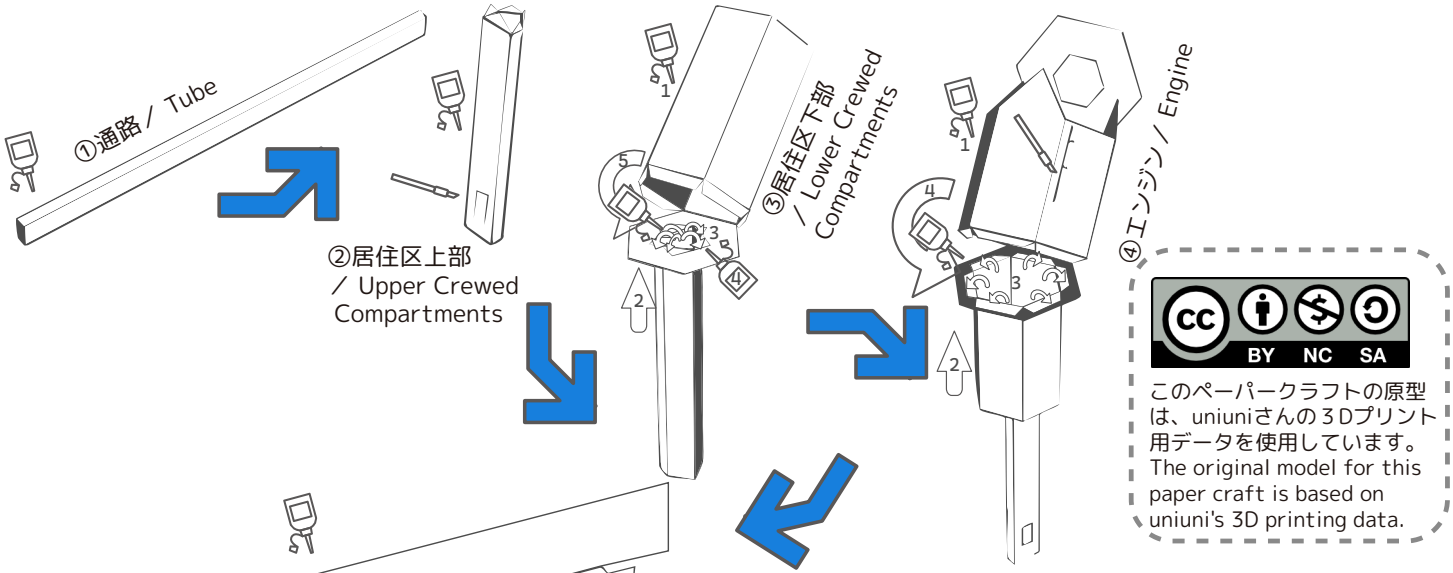
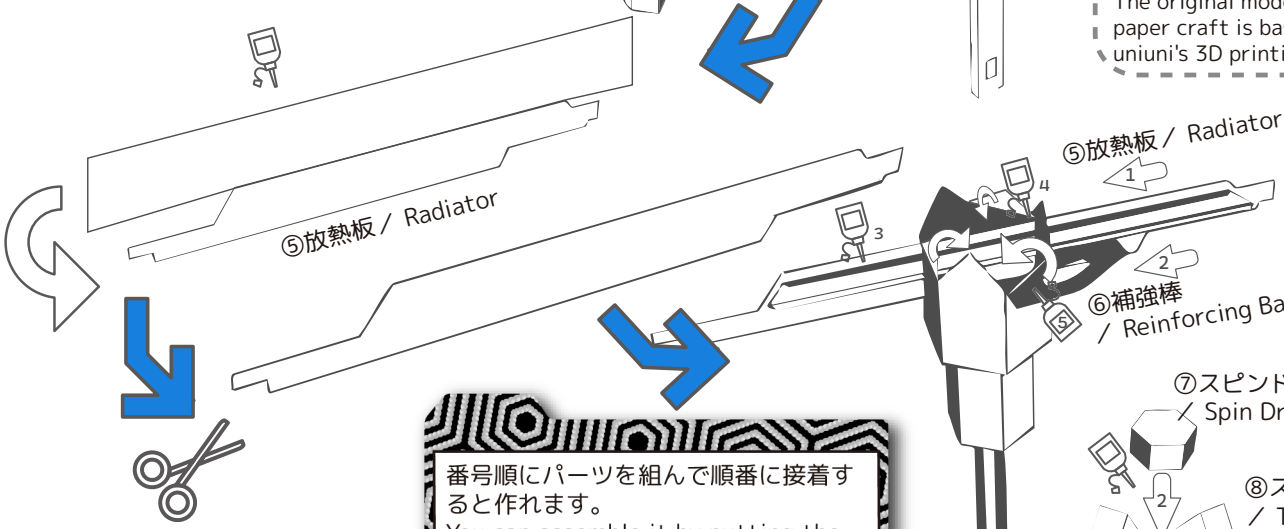
The Xenonite-built Hail Mary. Paper Craft.

ロッキーが作った、キセノナイト製ヘイルメアリー号です。ロッキー人形と合わせて人形劇が出来ます。チューブは接着しなければ、終盤のあれも再現できます。

This is the Xenonite-made Hail Mary, created by Rocky. You can put on a puppet show using it along with the Rocky figure. If you don't glue the tube in place, you can even recreate that scene from the end of the story.



このペーパークラフトの原型は、uniuniさんの３Dプリント用データを使用しています。
The original model for this paper craft is based on uniuni's 3D printing data.



番号順にパーツを組んで順番に接着すると作れます。
You can assemble it by putting the parts together in numerical order and gluing them in sequence.
